1. Introduction

We are a financial planning business, focused on helping you understand and plan for your financial future.

This agreement sets out what we do and how we do it (our service); the likely cost, how this is paid for and the terms under which we'll provide our services to you.

More details are available on our website: <http://lwmconsultants.com/>

It's important that you read it fully. If there's something you don't understand please ask us to explain it.

2. Our advice

We offer restricted investment and protection planning advice. This means we have chosen to limit the range of products and/or providers that we'll consider before recommending a suitable solution for you. Specifically, we have chosen to restrict our platform related business where we use one provider, because we believe that this is suitable for the majority of our clients. We may consider investments that are not available on the platform where this is appropriate for you.

3. Our Services

Whatever financial decisions you must make, the first step towards making the right decisions is to establish a clear understanding of your financial needs.

People seek financial advice for many different reasons so it's important that we understand exactly who you are and what you want to achieve. At our first meeting we'll gather information about you to help define your needs and priorities.

Our services include:

- **Financial planning:** It's important to identify what you might want to achieve and how you can do this. We can help you to identify your goals and create a plan for your finances to help you achieve them.
- **Retirement planning:** It's important to know whether the money you are saving towards retirement will provide you with sufficient funds to meet your retirement objectives. We can work with you to proactively plan for your retirement and help you decide on the options available once at retirement.
- **Protection planning:** Most of us want to protect the things that are important to us, our family, business, and quality of life. Protection planning can help to provide peace of mind in the event of your income changing due to unexpected events. We can help you plan for the best way to protect you, your family, or your business.

It is important to note that this is a purely an advised offering. We do not provide services to insistent clients (where advice is received, and the client chooses to do something different), or an execution-only basis (where no advice is received, and we are acting on instructions only).

4. Our Charges

The way we are paid for our services will typically be:

- Investment business: Fees agreed and paid by you
- Insurance business: Fees agreed and paid by you or commission payable by the insurance provider, which is a percentage of the total annual premium

Our charges fall into two categories:

- a) **Initial charges:** these are the upfront costs of our service
- b) **Ongoing charges:** these are the costs of providing the ongoing service to you

Initial advice

With initial advice, we:

1. Firstly, look to understand your financial position, and then
2. Look to understand what you are looking to achieve (goals) over the short, medium, and long term.

This is normally carried out in an initial meeting.

Following the meeting, we will assess your needs and consider your objectives (goals) alongside your attitude to risk and any other restrictions you may have placed on what you may be willing to consider.

We will then put together a recommendation for achieving the proposed goals and the implementation of that plan. We will carry out a following up meeting to go through our recommendations.

In preparing our recommendations we may use third party tools which include cash-flow modelling tools. These will be explained to you at the meetings we have both at the initial review and future reviews.

We'll only start work once we have agreed our services and charges with you. We will only charge our initial fee if you agree to our recommendations.

<p>All actual charges and fees (in pounds and pence) will be agreed with you before we do any work, and we'll explain how these are paid. We will also let you know where any fees are subject to VAT.</p>	

On-going service

The **ongoing service is part of the package we offer (i.e., both the initial and ongoing service come together)**. Please note if you decide not to proceed with our advice, this service can only be provided with both initial and ongoing advice which can only be provided by a financial planner.

We do this to ensure we review your needs on a regular basis and can develop a long-term relationship to help you achieve your goals. The ongoing service is split into five areas; review, information, valuations, experience and rebalance (RIVER).

Review

You will be offered one review a year; in this meeting, we will discuss whether there are any changes to your financial circumstances, goals, and attitude to risk. We will contact you a month before the meeting is due.

We offer a minimum of one meeting a year, you can have more than one and there is no additional fee for doing this. Meetings can be done via video conference, face to face or phone to be as flexible as possible. All meetings are recorded.

We are also available by phone, and email although during non-working hours there may be a delay in our response.

Information

Where you supplied an email address we will issue regular blogs, which cover thoughts on the markets as well as financial planning ideas. This information is also available on our website - <https://lwmconsultants.com/blog/>

Each quarter we issue a market and portfolio update, which is available on the website. Where you have not supplied an email address, we will send a copy of the quarterly market and portfolio update via post.

Valuations

Valuations are issued half-yearly, in January and July. These will be held on a personal secure portal unless you opt to receive these by post.

Ad-hoc valuations will be provided on request and at the yearly review.

Expertise

We have two qualified financial planners; being qualified requires us to have Continued Professional Development across all aspects of financial planning for personal and business-related matters. This ensures we are up to date with the latest market and industry developments.

Rebalance

We do not outsource the management of your investments. We have developed our own proprietary system to review funds and have developed four mainstream portfolios, and three impact / ethical portfolios.

Throughout the year, we meet investment managers, and our notes from these meetings are available on our website - <https://lwmconsultants.com/portfolio/fund-manager-meetings/>

At the end of each quarter, we update the website, and you can view the performance of the portfolios, the holdings as well as key information documents and portfolio risk profiles - <https://lwmconsultants.com/portfolio/>

In May, each year we issue a report with a recommendation to rebalance the portfolio. This protects you against investment drift (for example, the holding in the UK may have moved from 10% to 15%) and provides a consistent risk structure. We may also recommend a change in funds.

We recommend that you agree to these changes, and once agreed we implement at the beginning of July.

You can opt to change your risk profile before you rebalance.

In some cases, we can develop a bespoke investment strategy, and you can on occasion request specific investments, but we may not be able to advise on all these.

Ongoing advice charges

The **ongoing service is not optional**; it is part of the package we offer.

<p>Special note: the ongoing fee covers our service; we may however charge an initial fee where an additional investment is made.</p>	

5. Other Charges

Depending on the services we provide, there may be costs and charges (including taxes), not charged by us, but related to the financial products we arrange for you. These charges may be one-off charges (payable up front) or charges payable on an ongoing basis. For example:

- **Service costs:** If your investments are held on a platform (an online investment administration service) will make a charge for administering / managing your investments
- **Investment costs:** These are the costs relating to the manufacturing and managing of your investments – for example, fees charged by the investment fund manager, costs relating to investment transactions

We'll always disclose any third-party costs as part of making our recommendations.

Aggregated costs and charges

Before we provide you with our advice, we will add together all the costs and charges payable so that you are able to understand the overall costs of our services and recommendations. This is referred to as aggregated costs and charges information.

We'll confirm the actual aggregated costs and charges based on our recommendations within our suitability report.

6. Our Obligations

Our recommendations

- Before providing advice, we'll assess your needs, consider your financial objectives, and assess your attitude to any risks that may be involved. If you don't want to discuss a particular area of financial planning and that area should not form part of the advice given, we can exclude it, if you instruct us to do so. This might of course have a bearing on the advice that might have been given.
- Before making any recommendations, we'll carry out a suitability assessment so that we are able to act in your best interests.
- We'll confirm any recommendations we make in writing (our suitability report) along with details of any special risks that may be associated with the products or investment strategies we've recommended.
- Where we agree to provide you with a service that includes an ongoing review of the suitability of the investments we have recommended, we'll carry out this review at least annually. To do this we will need to contact you to assess whether the information we hold about you remains accurate and up to date. We'll issue you with a report setting out the results of our assessment and, if relevant, any updated recommendations.
- Please be aware that investments can fall, as well as rise, and that you may not get back the full amount invested. The price of investments we may recommend may depend on fluctuations in the financial markets, or other economic factors, which are outside our control. Past performance is not necessarily a guide to future performance.
- Specific warnings relevant to the investments, investment strategies or other products we arrange are provided in the relevant product literature provided.

Financial crime

- We are obliged to put in place controls to prevent our business from being used for money laundering and other forms of financial crime.
- We'll verify your identity before undertaking any business with you. To do this we use electronic identity verification systems, and we may conduct these checks from time to time throughout our relationship, not just at the beginning. The check may leave a 'footprint' on your credit file, but it will not affect your credit rating.

Best execution

- Where we send investment applications on your behalf to third parties (e.g., to put an investment into force), we'll take all sufficient steps to ensure that we obtain the best possible result for you. This is referred to as 'best execution'.
- We have a best execution policy. If you want to see a copy of it, please ask us.

Conflict of interests

- Although we'll always try to act in your best interests there may be situations where we or one of our other clients has some form of interest in the business being transacted for you. If this happens or we become aware that our interests or those of one of our other client's conflicts with your own interests, we'll write to you and ask for your consent to proceed before we carry out any business for you. We'll also let you know the steps we'll take to make sure you are treated fairly.
- We have a conflicts of interest policy. If you want to see a copy of it, please ask us.

Protecting personal information

To provide our services properly we'll need to collect information on your personal and financial circumstances. - Our normal ways of communicating with you are by telephone, post, e-mail, SMS text message, messenger, WhatsApp or in person. Our communications will be in English.
- We may ask you to confirm your instructions to us in writing as this helps to avoid any future misunderstandings.

Recording calls

- To ensure we carry out your instructions accurately, to help us to continually improve our service and in the interests of security, we will record and may monitor your telephone communications or conversations with us.
- We also record face to face meetings and video conferencing. Copies of all recordings will be available on request, for a period of 5 years after the recording was made.

This will allow us to provide you with suitable advice. If the information you provide is inaccurate or if you limit the information provided this could affect the suitability of the advice, we give.
- We are required to consider whether it is in your best interests for us to act for you if you refuse to provide us with what we believe to be the necessary information. We therefore reserve the right to decline to act for you if you have not provided us with the requisite information.
- Annually we review the suitability of advice provided to you; you must provide all relevant information to enable us to deliver this service. We therefore reserve the right to decline to act for you if you have not provided us with the requisite information.

Typically, the commission payment will be offset against the charges you owe us for our services. If the commission payment relates to a regular contribution policy and you stop paying premiums on that policy, we may be obliged to refund the commission received back to the policy provider. In such cases, we reserve the right to request the full payment of any outstanding balance of charges for our services.
- Any products we have arranged for you will only be kept under review as part of an ongoing service for which have agreed to pay. The ongoing service will be provided as a follow up to the initial service.
- Our charges for **ongoing** services will start monthly as a percentage of the funds under management, and should be paid typically within 28 days. Please be aware that these charges will cease when the contract stops
- **Ongoing** services can be cancelled at any time by informing us in writing (cancellation and amendments) but please note that we do reserve the right to charge you for services we have provided before cancellation. **Please note this service requires both initial and ongoing advice from a financial planner.**
- Our charges are based on a percentage of your investments, the amount of our **ongoing** charges may increase as the size of your fund grows.

- In some circumstances, we may receive ongoing payments (commission) from product providers relating to existing investments you hold. Such payments may be taken into account when determining the charges for ongoing services. We'll discuss and agree this with you where relevant.
- We will also let you know where any fees are subject to VAT

Legal and accounting advice

We are not qualified to provide legal or accounting advice or to prepare any legal or accounting documents. This means that the onus is on you to refer any point of law or accountancy that may arise during the course of discussions with us, to a solicitor or accountant.
