Investment Objective

To generate growth over the long term (5 years or more) by investing in European equities (company shares) which meet the ethical criteria set out in the investment manager's ethical investment policy. The fund will invest at least 70% in equities and equity related securities of companies listed, incorporated or domiciled in European countries or companies that derive a significant proportion of their revenues or profits from European operations or have a significant proportion of their assets there.

GBP Flexible Allocation

IMA Sector

Targeted Absolute Return

Investment Objective

The Sub-Fund seeks to achieve a rate of return in sterling terms that is equal to or above the return from cash (1 month GBP LIBOR) + 4% per annum over five years before fees. In doing so, it aims to achieve a positive return on a rolling three year basis (meaning a period of three years, no matter which day you start on). To achieve its investment objective, the Sub-Fund will invest predominantly, meaning at least 75%, in a portfolio of UK and international securities across a broad diversified range of asset classes.

Investment Objective

The fund aims to outperform (after deduction of costs) the MSCI AC World Index, as stated in sterling, by at least 2% per annum over rolling five-year periods. The fund will invest at least 90% in shares of companies anywhere in the world whose products or behavior make a positive impact on society and/or the environment in the investment manager's opinion. Investments will be made in companies addressing critical challenges in areas such as, but not limited to; education, social inclusion, healthcare and the...

Investment Objective

The investment objective is to provide Shareholders with an attractive level of income, together with the potential for capital growth from investing in a portfolio of Social Homes, which benefit from inflation adjusted long-term leases or occupancy agreements with Registered Providers and to deliver, on a fully invested and geared basis, a targeted dividend yield of 5% p.a. by reference to the Issue Price, which the Company expects to increase broadly in line with inflation.

Investment Objective

The investment objective of the Fund is to achieve capital growth over a period of at least five years. The Fund seeks to achieve its investment objective by investing, either directly or indirectly through collective investment schemes that it holds, in shares of companies whose registered office or core business is located in emerging countries (as defined in this prospectus), with no particular emphasis on business sector or company size. The Fund will typically invest between 80% – 95% in shares (as outlined above),...

Investment Objective

The Fund aims to grow, over any 5 year period, by more than 3% per annum above the rate of UK inflation (as measured by the UK Consumer Prices Index). There is no guarantee that the Fund will achieve a positive return over this, or any other, period and you may not get back the original amount you invested. The Fund will invest directly in the shares of companies (including listed Investment Trusts, Real Estate Investment Trusts (REITs), ETFs and other investment company structures depending on the relevant...

Investment Objective

To enable investors to benefit from growth in the markets for cleaner or more efficient delivery of basic services of energy, water and waste. Investments are made predominantly in quoted companies which provide, utilise, implement or advise upon technology-based systems, products or services in environmental markets, particularly those of alternative energy and energy efficiency, water treatment and pollution control, and waste technology and resource management.

Investment Objective

The Fund aims to grow the value of your investment and provide income over at least 5 year periods, after allowing for fees. The Fund invests primarily (at least two-thirds and typically substantially more) in the shares of companies which the Investment Manager believes contribute to positive environmental change through sustainable decarbonisation (the process of reducing carbon dioxide emissions).

Investment Objective

The Scheme's investment objective is to achieve capital growth (1) over the medium term, which should be considered as a period of 3-5 years, by investing predominantly in the shares of UK companies listed on the London Stock Exchange that are deemed to make a positive contribution to society. Investments in the Scheme will adhere to the Manager's ethical and sustainable investment policy. At least 80% of the Scheme will be invested in UK companies which are listed on the London Stock Exchange.

Investment Objective

The investment objective of the VT Gravis Clean Energy Income Fund is to generate income and preserve capital with the potential for capital growth. The sub-fund will aim to meet its objectives by investing primarily (at least 70%) in listed equities whose primary activity or exposure is within the clean energy sector. In addition to investing in equities, the sub-fund may also invest in other transferable securities, bonds, collective investment schemes, money market instruments, deposits, cash and near cash.
